Dear consumer,

Many congratulations on your purchase of this DVD. If you hoped to find a massive body of film work related to Felix Kubin here, I am happy to say that I fail to disappoint. „Fernsehpropheten“ („TV prophets“) includes most of the short films that I have been involved with, to date - be it as an actor, musician, author, animated cartoon artist or director. For some of these films, shot by wonderful underground artists such as Mariola Brillowska, Martha Colburn and Graw Böckler, I have simply composed the soundtrack. For other films I have done everything single-handedly. Confused? Don't be. On this DVD all sections are clearly marked. For those who are afraid, incapable or unwilling to attend concerts, there is even a nifty selection of dynamic live recordings, including very early footage of my teenage band „Die Egozentrischen 2“ taken from 1984.

All of these films were made with low or no budget, but with a great love for detail. Hotel rooms constructed from paper walls, heads hammered onto tables or stuck into plastic bags, slaps to the face and endless somersaults through dusty corners - no pain was spared for the sake of art.

And for those Peeping Tom's among you, I recommend you take a peek into my photo gallery section. In a kinky slide show you will find official and private shots that will make you shiver with joy and disgust, moustaches and nudity included!

„This is not an utopia. This is a strategy“, the TV prophets sing. I'll see you on the other side of the screen.

Yours sincerely, Felix Kubin
